ABOUT

I am a fourth-year B.Tech student in Artificial Intelligence and Machine Learning at Birla Institute of Technology, Mesra. I have a strong foundation in web development and am proficient in multiple programming languages. I am passionate about technology and continuously enhancing my skills, with a growing interest in machine learning and intelligent systems. I am a quick learner, adaptable, and eager to contribute to innovative and impactful projects.

PROJECTS

2025

PORTFOLIO WEBSITE

- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my projects, skills, and achievements. It reflects my front-end development skills and serves as a platform to present my work effectively.

2025

AMAZON CLONE

- Developed an Amazon clone website using HTML, CSS, and JavaScript and functionality of an e-commerce platform. Implemented features such as product listings, navigation bar, shopping cart interface, and responsive design.

2025

WEATHER FORECAST WEBSITE

- Designed and developed a responsive website using HTML, CSS, and JavaScript. The website features a user-friendly interface, smooth navigation, and interactive elements, demonstrating my front-end development skills.

2026

BLOGGING WEBSITE

- Built a responsive blogging website using HTML, CSS, and JavaScript with structured content layout and user-friendly design.
